CRESTLINE SANITATION DISTRICT

MEMORANDUM

DATE: **11/06/2026**

TO: **BOARD OF DIRECTORS**
Crestline Sanitation District

FROM: **DAWN GRANTHAM**
General Manager

SUBJECT: **PURCHASE OF A TRANSFER / DEWATERING PUMP**

A. RECOMMENDATION

I am recommending to approve the purchase Godwin Transfer / Dewatering Pump.

B REASON FOR RECOMMENDATION

These types of pumps are used to bypass lift stations during emergencies when power to the lift stations is compromised. Transfer pumps are mounted on trailers and can be transported to remote locations, as such they are perfect for redirection in the event of SSO's or breaks in our collections system. They are also used to dewater clarifiers or tanks at the treatment plants for service or maintenance. This one will be staged at Forest Shade Lift Station. Lake Gregory Lift Station currently has one in operation.

C. FISCAL INFORMATION

The cost for the tank with tax and freight is quoted at $56,485.00. In the CIP for 2026/2027 $40,000.00 was budgeted for a Godwin Pump. The amount was estimated in 2025/2026 and has inflated in cost since then.
